

CONSENT FOR ACCESS TO PROPERTY

Name: _____

Address of Property: 222 9th St. N.W.

Auburn, WA 98002

RECEIVED

JUN 5 1991

SUPERFUND

I hereby give my consent and permission to the extent of whatever possessory interest I may have in the property and premises described above (the "property"), and appurtenances thereto, to officers, employees, agents, authorized representatives, and the persons acting at the request of the United States Environmental Protection Agency (EPA) to enter my property to inspect and sample for hazardous substance and to perform necessary response activities, including the removal of hazardous substances which have been released into the environment or which present a substantial threat of release. Such actions shall include, but are not limited to:

- A. The taking of such soil, water, and air samples upon the property as may be determined to be necessary;
- B. The sampling of surface and groundwater upon the property, including the drilling of holes and installation of monitoring wells for subsurface investigation;
- C. The sampling of solids or liquids stored or disposed of on the property, or any containers, tanks, materials or other items suspected to contain hazardous substances located upon the property, including the removal of such materials if necessary to perform laboratory testing; and
- D. The taking of a response action at the property including site stabilization and mitigation activities, and the removal, cleanup, elimination, or remediation of hazardous substances or any materials containing hazardous substances.

I recognize that these actions by the EPA are undertaken pursuant to its response and enforcement authorities contained in the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), 42 U.S.C. §9601 et seq., as amended by the Superfund Amendments and Reauthorization Act of 1986, 100 Stat. 9613.

This written permission is given by me voluntarily with knowledge of my right to refuse and without threats or promises of any kind. I understand that upon completion of these activities EPA will attempt to remove its equipment from the property and restore the property, as nearly as possible to its original condition.
